PROFESSIONAL SUMMARY

Detail-oriented Frontend Developer with a dual background in computer science and mechanical engineering, specializing in crafting responsive, high-performance web applications with React.js and modern JavaScript (ES6+). Proven ability to thrive in agile teams, delivering user-focused solutions through hands-on projects. Committed to driving innovation and refining technical expertise in collaborative environments."

EDUCATION

B.Tech, Computer Science and Engineering - PVKK Institute of Technology, Anantapur (2021 - 2024 | GPA: 7.4/10) Mechanical Engineering - Govt. Polytechnic, Anantapur (2018 - 2021 | GPA: 7.2/10) SSC (Class X) - Anantha Vidyanikethan School, Anantapur (2017 - 2018 | GPA: 8.5/10)

WORK EXPERIENCE

UI Developer Intern - Vilindha Technologies, Hyderabad (May - June 2023)

- Engineered responsive UI components using HTML5, CSS3, and JavaScript, improving user engagement across web platforms.
- Integrated React.js to enable interactive features and utilized AJAX for seamless, real-time data updates from backend systems..
- Facilitated backend integration with JSON and MySQL, enhancing application functionality and data flow.

PROJECTS

1.E-Commerce Product Page

- Designed and built an interactive product browsing interface using React.js, integrating mock API data via RESTful endpoints.
- Created reusable components for product cards and filters, ensuring a responsive layout across devices with CSS3
 and media queries.
- Enhanced user experience with real-time search and sorting functionality, reducing page load time by 20% through efficient data handling.

2.Personal Portfolio Website

- Engineered a scalable personal portfolio site initially built with HTML, CSS, and JavaScript, later refactored into React.js for improved modularity and maintainability.
- · Deployed on Netlify with custom domain integration and optimized for SEO and accessibility.
- Showcased technical projects and skills with a responsive, visually appealing design tailored to professional branding.

3.React Todo List Application

- Developed a dynamic task management tool using React.js, utilizing useState and useEffect hooks for state management and localStorage for data persistence.
- Implemented task creation, deletion, and status tracking with an intuitive, user-friendly interface.
- Optimized performance by minimizing re-renders and ensuring efficient state updates.

SKILLS

- Frontend: React.js, JavaScript (ES6+), HTML5, CSS3,
- Backend: MySQL, MongoDB (Basic), REST APIs, JSON, AJAX
- · Tools: Git, VS Code, GitHub, Netlify
- Soft Skills: Teamwork, Fast Learner, Problem Solving, Communication

CERTIFICATIONS

- UI Full Stack with React Naresh IT (2024)
- Front-End Development Great Learning (2024)
